Finishing touches top off depot work

March 24th, 2007

The bricks from the second sale have arrived and are being stored until the landscape plan is complete. The new siding and trim are complete and waiting to be painted. The bathroom is totally finished and the water heater and janitor's sink are in. Also, the original sliding cargo doors on both big windows have been reinstalled. The casing is on all of the doors and windows and the interior hardware is on all of the doors. A big THANK-YOU to Steve at SMI Select Millwork Inc., who matched all of the old casing profiles and donated the doors and casing for the project. On the interior, our part is about complete.

The next step is the coffee shop. Check the coffee shop Web site www.danpatchcoffeedepot.com for updates from the proprietor. She has selected her coffee vendor and is working on finalizing the interior finishes and the kitchen.

The Dan Patch Historical Society proudly works to keep the heritage of this community alive. This bi-weekly feature is a partnership with the Dan Patch Historical Society and the Savage Pacer. Information is provided by the historical society. For more information on the city's history, go to www.danpatch.com.
