## Savage Depot plans adjusted

May 27<sup>th</sup>, 2006

Best laid plans don't always happen, as we learned with the depot move. As previously reported, we expected the depot to be here on the town square by now, but we ran into the PCA (Pollution Control Agency). They view a move of a building the same as a demolition, so the mover had us fill out the reports. Now we have to wait up to two weeks for a "possible" site visit from them.

The delay really upset Ms. Christen's third-grade class at M.W. Savage Elementary School because they have been working for months to raise \$175 to buy a BIG brick for the walkway and they wanted to present the money order and the brick order form to the Dan Patch Historical Society in person at the depot! We accommodated them by meeting them on site and "pretended" the depot was there. On their brick will be the initials of each student, as there was not enough room for the whole name. It is great to see their enthusiasm for this historic event. Many of them had their T-shirts on that said "Grade 3 - a place to be."

Speaking of bricks - the deadline is approaching. NO ORDERS will be taken after 4 p.m. on Sunday, June 25. We need to get them ordered and put into place in time for the unveiling on Friday, Sept. 8. Don't miss your chance to be part of history.

*The Dan Patch Historical Society proudly works to keep the heritage of this community alive. This bi-weekly feature is a partnership with the Dan Patch Historical Society and the Savage Pacer. Information is provided by the historical society. For more information on the city's history, go to [www.danpatch.com](http://www.danpatch.com).*
