

Dan Patch NEWS

Depot work continues inside

As you drive past the depot in downtown Savage, you might wonder what is happening because, from the outside, it does not look like there is much action. Within the past week, the old bathrooms have been removed so the freight area is now wide open. The floor in the waiting room is being removed and refinished to be re-installed. The specially made replacement windows have arrived. The new siding and trim should be here within two weeks. When that arrives the old siding will be removed, the walls insulated and wrapped. We have a plumber and electrician, lined up and are waiting for the mechanical to be resolved. The lease with "Dan Patch Coffee Depot" vendor is close to being finalized.

Jim and Rita Seifert found a mail/baggage cart at an antique shop in Sleepy Eye, Minn. They are making an initial donation and it has been agreed that it will be purchased for the outside landscaping plan. If you are wondering what to purchase for that hard-to-buy-for person at Christmas, consider a brick and a certificate. Forms are available at the library, Razor's Edge and on our Web site.

The Dan Patch Historical Society proudly works to keep the heritage of this community alive. This bi-weekly feature is a partnership with the Dan Patch Historical Society and the Savage Pacer. Information is provided by the historical society. For more information on the city's history, go to www.danpatch.com
